# BROADWAY GIN

We at Broadway Wine Company (*est. 1994*) have finally fulfilled our dream and 2018 saw the introduction of our very own Broadway Gin. We have passionately crafted a classic London Dry with upfront juniper and delicate hints of orange, angelica, coriander and floral botanicals topped with notes of camomile. Our family links to the beautiful Cotswold village originate in 1870 and span four generations. In short we love Broadway and we love Broadway Gin.

## **Serving Suggestion:**

With tonic over plenty of ice with either a slice of lime or cucumber.
